

Dear Parent or Guardian,

You are the first teacher and most important partner in your child's education. As a result, you need high-quality information on the performance of DCPS schools and the District overall. Inside, you'll find important facts related to **student performance, family and community engagement, safety, facilities, and more.**

Taken together, I believe these data can help you make the best, most informed decisions possible related to your child's education.

While the data on this scorecard provide you with the facts on the progress of this school, the best way to gauge a school's quality is to get involved. Please take a look at the back page for ideas on engaging with your school community.

You can compare schools' programs and performance online at www.dcps.dc.gov/profiles.

It is my hope that you use this information to hold principals, school staff, and my office accountable for continuing to improve the quality of education available to your family.

Sincerely,

Kaya Henderson

Our mission at Garrison is to create a collaborative community where students and staff are invested in their work and question the world around them as responsible citizens and where teachers, parents, and students work together to achieve excellence. We want to develop a community of learners with active, creative and empathetic minds, challenging students and staff to strive for growth. Our staff and students will be engaged in the community as our students find their place in the traditions of this historic neighborhood. We build our community through the principles of Responsive Classroom working to teach our children CARES: Cooperation, Assertion, Responsibility, Empathy and Self-control. Our goal is to create thoughtful, intelligent students through a rigorous and relevant curriculum.

STUDENT PERFORMANCE

Results of annual, standardized assessments don't describe the full school experience, but they do provide the most accurate and reliable signal of student performance. Every DCPS school should demonstrate progress in the core areas of math and reading, as well as cultivate students and faculty focused on improving performance through outstanding teaching and learning.

		0	100				WHAT DOES THIS MEAN?
Student math performance	2014-15	47%	26%	17%	11%		
	District Average	24%	31%	24%	18%	3%	
Student reading performance	2014-15	42%	29%	24%	4%		
	District Average	32%	23%	20%	20%	5%	

The percent of students achieving at each performance level on the PARCC (Partnership for the Assessment of Readiness for College and Career). The 2014-15 school year is the first year of this assessment.

WHAT YOU CAN DO

Families play an essential role in supporting student success.

Talk to your child about school. Your opinion and interest matter to your child. Ask your child about one thing he or she learned at school, and keep asking every day!

Talk to your child's teacher(s). Teachers and parents are on the same team. Ask teacher(s) about their expectations and goals for your child, and share your own. Brainstorm ways you can help your child at home to supplement learning at school.

Stay up-to-date and informed about what's happening at school. Pay attention to report cards, attendance, data, and any updates or newsletters coming home from school. If you have

any questions, don't hesitate to ask the teachers, principal, or staff. Find out what leadership opportunities are available, such as in parent organizations.

Volunteer at school. Volunteers are key to helping students succeed. Many schools need volunteers who can work directly with students on reading and math, but volunteers also can provide support in classrooms, the main office or the library. For more information, contact the school's main office to determine specific needs or visit www.dcps.dc.gov/dcps/volunteer for details about the volunteer clearance process.
