

Dear Parent or Guardian,

You are the first teacher and most important partner in your child’s education. As a result, you need high-quality information on the performance of DCPS schools and the District overall. Inside, you’ll find important facts related to **student performance, family and community engagement, safety, facilities, and more.**

Taken together, I believe these data can help you make the best, most informed decisions possible related to your child’s education.

While the data on this scorecard provide you with the facts on the progress of this school, the best way to gauge a school’s quality is to get involved. Please take a look at the back page for ideas on engaging with your school community.

You can compare schools’ programs and performance online at [www.dcps.dc.gov/profiles](http://www.dcps.dc.gov/profiles).

It is my hope that you use this information to hold principals, school staff, and my office accountable for continuing to improve the quality of education available to your family.

Sincerely,

Kaya Henderson

Ludlow-Taylor is a Title I elementary school on Capitol Hill. The focus of our work has been to build the expertise of our teaching staff so that our instructional program is powerful! Our data reflects impressive growth, kindergarten up through grade 5. Our DC CAS scores moved from 61% up to 79% in reading and from 59% up to 76% in math with our intermediate students scoring at the proficient and advanced levels. Our PTA is strong and active and our parents have created a House of Representatives to act as informational liaisons for our many engaged but busy parents. We are an Arts Integration School and our ECE classrooms implement that through Reggio Emilia. Ludlow-Taylor ES recently underwent a modernization. Come join us—Ludlow-Taylor a Reward School!

STUDENT PERFORMANCE

Results of annual, standardized assessments don't describe the full school experience, but they do provide the most accurate and reliable signal of student performance. Every DCPS school should demonstrate progress in the core areas of math and reading, as well as cultivate students and faculty focused on improving performance through outstanding teaching and learning.

		0					100					WHAT DOES THIS MEAN?
Student <b>math</b> performance	<b>2014-15</b>	8%	24%	28%	34%	6%						The percent of students achieving at each performance level on the PARCC (Partnership for the Assessment of Readiness for College and Career). The 2014-15 school year is the first year of this assessment.

## WHAT YOU CAN DO

*Families play an essential role in supporting student success.*

**Talk to your child about school.** Your opinion and interest matter to your child. Ask your child about one thing he or she learned at school, and keep asking every day!

**Talk to your child's teacher(s).** Teachers and parents are on the same team. Ask teacher(s) about their expectations and goals for your child, and share your own. Brainstorm ways you can help your child at home to supplement learning at school.

**Stay up-to-date and informed about what's happening at school.** Pay attention to report cards, attendance, data, and any updates or newsletters coming home from school. If you have

any questions, don't hesitate to ask the teachers, principal, or staff. Find out what leadership opportunities are available, such as in parent organizations.

**Volunteer at school.** Volunteers are key to helping students succeed. Many schools need volunteers who can work directly with students on reading and math, but volunteers also can provide support in classrooms, the main office or the library. For more information, contact the school's main office to determine specific needs or visit [www.dcps.dc.gov/DCPS/volunteer](http://www.dcps.dc.gov/DCPS/volunteer) for details about the volunteer clearance process.
