

Dear Parent or Guardian,

You are the first teacher and most important partner in your child's education. As a result, you need high-quality information on the performance of DCPS schools and the District overall. Inside, you'll find important facts related to **student performance, family and community engagement, safety, facilities, and more.**

Taken together, I believe these data can help you make the best, most informed decisions possible related to your child's education.

While the data on this scorecard provide you with the facts on the progress of this school, the best way to gauge a school's quality is to get involved. Please take a look at the back page for **ideas on engaging with your school community.**

You can compare schools' programs and performance online at [www.dcps.dc.gov/profiles](http://www.dcps.dc.gov/profiles).

It is my hope that you use this information to hold principals, school staff, and my office accountable for continuing to improve the quality of education available to your family.

Sincerely,

Kaya Henderson  
Chancellor

Marie Reed is a wonderfully diverse school located in the Adams Morgan section of Washington, DC. Marie Reed is proud of its many services and course offerings. We offer English monolingual and English-Spanish Dual Language strands as learning environments for our children. In either case, our teachers are dedicated to creating rigorous, authentic learning experiences in every class at every level. Our parent community is active, as evidenced by our wonderful PTA that sponsors several successful events every school year and has raised thousands of dollars. We're preparing all students for college and professional futures starting right now!

### STUDENT PERFORMANCE

Results of annual, standardized assessments don't describe the full school experience, but they do provide the most accurate and reliable signal of student performance. Every DCPS school should demonstrate progress in the core areas of math and reading, as well as cultivate students and faculty focused on improving performance through outstanding teaching and learning.

		0					100	WHAT DOES THIS MEAN?
Student <b>math</b> performance	2011–12	15%	27%	36%	22%		The percentage of students achieving at each proficiency level on the District of Columbia's Comprehensive Assessment System (DC CAS or DC CAS Alt).	
	2012–13	5%	32%	41%	22%			
	District Average	18%	32%	33%	16%			
		Below Basic	Basic	Proficient	Advanced			
Student <b>reading</b> performance	2011–12	13%	38%	46%	3%			
	2012–13	7%	40%	50%	3%			
	District Average	17%	35%	36%	11%			
		Below Basic	Basic	Proficient	Advanced			

### STUDENT PROGRESS

Compared to student performance, which signals the share of students achieving at various levels, student progress is a measure of how much students grow from year to year. While some schools may have relatively few students meeting or exceeding state standards, it is important to gauge the extent to which those schools help students catch up.

		0			100	WHAT DOES THIS MEAN?
Student growth in <b>math</b>	2011–12		74%			This score describes the percentage of students the median (middle) student outperforms who started with a similar level of prior achievement on the District of Columbia's Comprehensive Assessment System (DC CAS or DC CAS Alt). For example, a score of 70 means that this school's median student outperformed more than 70 percent of students in the District with the same level of prior achievement.
	2012–13		66%			
	District Average		▲ 49%			
Student growth in <b>reading</b>	2011–12		59%			
	2012–13		42%			
	District Average		▲ 50%

## WHAT YOU CAN DO

*Families play an essential role in supporting student success.*

**Talk to your child about school.** Your opinion and interest matter to your child. Ask your child about one thing he or she learned at school, and keep asking every day!

**Talk to your child's teacher(s).** Teachers and parents are on the same team. Ask teacher(s) about their expectations and goals for your child, and share your own. Brainstorm ways you can help your child at home to supplement learning at school.

**Stay up-to-date and informed about what's happening at school.** Pay attention to report cards, attendance, data, and any updates or newsletters coming home from school. If you have

any questions, don't hesitate to ask the teachers, principal, or staff. Find out what leadership opportunities are available, such as in parent organizations.

**Volunteer at school.** Volunteers are key to helping students succeed. Many schools need volunteers who can work directly with students on reading and math, but volunteers also can provide support in classrooms, the main office or the library. For more information, contact the school's main office to determine specific needs or visit [www.dcps.dc.gov/](http://www.dcps.dc.gov/) **DCPS/volunteer** for details about the volunteer clearance process.

### WHERE CAN I FIND INFORMATION ON OTHER SCHOOLS?

View scorecards of every DCPS school at: [www.dcps.dc.gov/](http://www.dcps.dc.gov/) **profiles**. You can search for DCPS schools based on the information that you care about, and you can also compare schools side by side.
