

Dear Parent or Guardian,

You are the first teacher and most important partner in your child's education. As a result, you need high-quality information on the performance of DCPS schools and the District overall. Inside, you'll find important facts related to **student performance, family and community engagement, safety, facilities, and more.**

Taken together, I believe these data can help you make the best, most informed decisions possible related to your child's education.

While the data on this scorecard provide you with the facts on the progress of this school, the best way to gauge a school's quality is to get involved. Please take a look at the back page for ideas on engaging with your school community.

You can compare schools' programs and performance online at [www.dcps.dc.gov/profiles](http://www.dcps.dc.gov/profiles).

It is my hope that you use this information to hold principals, school staff, and my office accountable for continuing to improve the quality of education available to your family.

Sincerely,

Kaya Henderson  
Chancellor

Our mission is to provide an all-inclusive instructional program for students that fosters maximum academic achievement, enabling them to enjoy lifelong learning while becoming productive citizens. Dunbar aims to serve as a learning community where students undergo diverse, meaningful opportunities and experiences and receive a quality education. All students are encouraged to be well-rounded scholars by participating in Dunbar's numerous extracurricular activities. Alumni continue to support the mission of the school with millions of dollars in scholarships annually.

### ELEMENTARY AND SECONDARY EDUCATION ACT CLASSIFICATION

Priority schools need intense support to address overall low student performance, a graduation rate at or below 60% for two consecutive years, or for being previously designated a SIG school. Priority schools must develop an intervention plan that improves all students and report twice a year on meeting planned milestones.

STUDENT PERFORMANCE

Results of annual, standardized assessments don't describe the full school experience, but they do provide the most accurate and reliable signal of student performance. Every DCPS school should demonstrate progress in the core areas of math and reading, as well as cultivate students and faculty focused on improving performance through outstanding teaching and learning.

		0	100	WHAT DOES THIS MEAN?
Student <b>math</b> performance	<b>2014-15</b>			<p>The percent of students achieving at each performance level on the PARCC (Partnership for the Assessment of Readiness for College and Career). The 2014-15 school year is the first year of this assessment.</p>
	District Average			
Student <b>reading</b> performance	<b>2014-15</b>			
	District Average			
Graduation rate	<b>2014-15</b>			<p>The percentage of students who enrolled in 9th grade for the first time four years ago and graduated with a standard diploma.</p>
	<b>2013-14</b>			
Advanced Placement performance	<b>2014-15</b>			<p>The percentage of students participating in an Advanced Placement examination and scoring 3, 4 or 5. These scores generally enable students to receive college credit.</p>
	<b>2013-14</b>			
	District Average			

STUDENT PROGRESS

Compared to student performance, which signals the share of students achieving at various levels, student progress is a measure of how much students grow from year to year. While some schools may have relatively few students meeting or exceeding state standards, it is important to gauge the extent to which those schools help students catch up.

		0	100	WHAT DOES THIS MEAN?
First-time 9th grade completion	<b>2014-15</b>			<p>The percentage of first-time 9th grade students who earned enough credits to be promoted to 10th grade and are on track for graduation.</p>

## WHAT YOU CAN DO

*Families play an essential role in supporting student success.*

**Talk to your child about school.** Your opinion and interest matter to your child. Ask your child about one thing he or she learned at school, and keep asking every day!

**Talk to your child's teacher(s).** Teachers and parents are on the same team. Ask teacher(s) about their expectations and goals for your child, and share your own. Brainstorm ways you can help your child at home to supplement learning at school.

**Stay up-to-date and informed about what's happening at school.** Pay attention to report cards, attendance, data, and any updates or newsletters coming home from school. If you have

any questions, don't hesitate to ask the teachers, principal, or staff. Find out what leadership opportunities are available, such as in parent organizations.

**Volunteer at school.** Volunteers are key to helping students succeed. Many schools need volunteers who can work directly with students on reading and math, but volunteers also can provide support in classrooms, the main office or the library. For more information, contact the school's main office to determine specific needs or visit [www.dcps.dc.gov/DCPS/volunteer](http://www.dcps.dc.gov/DCPS/volunteer) for details about the volunteer clearance process.
