

Dear Parent or Guardian,

You are the first teacher and most important partner in your child's education. As a result, you need high-quality information on the performance of DCPS schools and the District overall. This scorecard provides important facts related to student performance, school facilities, and the academic and extracurricular opportunities available at this school. Taken together, I believe these data can help you make the best, most informed decisions possible related to your child's education.

While the data on this scorecard objectively illustrate the progress of this school, the best way to gauge a school's quality is to get involved. Be sure to review the back page of this document for ideas on engaging with your school community, such as volunteering or attending parent-teacher conferences. You can also compare schools' programs and performance online at [www.dcps.dc.gov/profiles](http://www.dcps.dc.gov/profiles).

It's my hope that you use this information to hold principals, school staff and my office accountable for continuing to improve the quality of education available to your family.

Sincerely,

Kaya Henderson

## STUDENT PERFORMANCE

Results of annual, standardized assessments don't describe the full school experience, but they do provide the most accurate and reliable signal of student performance. Every DCPS school should demonstrate progress in the core areas of math and reading, as well as cultivate students and faculty focused on improving performance through outstanding teaching and learning.

		0	100	WHAT DOES THIS MEAN?
Meeting or exceeding <b>math</b> standards	<b>2010</b> 75% <b>2011</b> 74% District Average ▲ 42%			The percentage of students meeting or exceeding state standards by earning scores of Proficient or Advanced on the District of Columbia's Comprehensive Assessment System (DC CAS or DC CAS Alt).
Meeting or exceeding <b>reading</b> standards	<b>2010</b> 78% <b>2011</b> 79% District Average ▲ 43%			
Exceeding <b>math</b> standards	<b>2010</b> 26% <b>2011</b> 26% District Average ▲ 12%			The percentage of students performing at the highest level, Advanced, on the District of Columbia's Comprehensive Assessment System (DC CAS or DC CAS Alt).
Exceeding <b>reading</b> standards	<b>2010</b> 17% <b>2011</b> 19% District Average ▲ 8%			
Median <b>math</b> performance level	<b>2010</b> <b>2011</b> District Average			The median student's performance on the continuum of Advanced, Proficient, Basic and Below Basic performance levels on the District of Columbia's Comprehensive Assessment System (DC CAS or DC CAS Alt). This performance level is for the median (or middle) student, meaning that among other students in the school, half score above and half score below this point. If the median is at the high end of Basic, for example, the school is closer to having all students meeting standards (Proficient) than if the median is at the low end of Basic.
Median <b>reading</b> performance level	<b>2010</b> <b>2011</b> District Average			
Student engagement	<b>2009</b> N/A <b>2011</b> 87 District Average ▲ 86			A score that signals students' level of effort and interest in their classes, as well as students' confidence in their own educational success. The scale is from 0 to 100, and the score is based on the results of a student survey given every two years.
Retention of effective and highly effective teachers	<b>2010</b> N/A <b>2011</b> 76% District Average ▲ 83%			The percentage of teachers rated Effective or Highly Effective by DC Public Schools' IMPACT evaluation system who are returning to this school from the previous year.

## STUDENT PROGRESS

Compared to student performance, which signals the share of students achieving at various levels, student progress is a measure of how much students grow from year to year. While some schools may have relatively few students meeting or exceeding state standards, it is important to gauge the extent to which those schools help students catch up.

		0	100	WHAT DOES THIS MEAN?
Student growth in <b>math</b>	<b>2010</b> 61% <b>2011</b> 64% District Average ▲ 49%			The median student's growth on the District of Columbia's Comprehensive Assessment System (DC CAS). This score describes the percentage of students the median (middle) student outperforms who started with a similar level of prior achievement. For example, a score of 70 means that this school's median student outperformed more than 70 percent of students in the District with the same level of prior achievement.
Student growth in <b>reading</b>	<b>2010</b> 64% <b>2011</b> 75% District Average ▲ 50%

### WHAT YOU CAN DO

*Parents and community members play an important role in ensuring that every child, in every classroom across the district, receives the high-quality education he or she deserves.*

**Volunteer at school.** Volunteers are key to helping students succeed. Many schools need volunteers who can work directly with students on reading and math, but volunteers also can provide support in classrooms, the office and the library, as well as help plan and staff events, write grants, and much more. For more information, check with the principal or visit [www.dcps.dc.gov/DCPS/volunteer](http://www.dcps.dc.gov/DCPS/volunteer).

**Join the school's parent organization.** Parent organizations are an important part of every school community. They provide ways to support students through community events, fundraising and other activities. Joining a parent organization helps parents meet other parents who are engaged in their child's education. For more information, contact the school.

**Attend parent-teacher conferences.** Stay in touch with your child's teachers and ask that they be in touch with you. Ask your child's teachers about

what kind of classroom behavior they expect and how they reward positive behavior. Ask what your child should be learning, how well he or she is doing, and what you can do to help. Parent-teacher conferences will be held at school on Oct. 17, 2011; Feb. 6, 2012; and May 14, 2012.

**Work with or run for the school advisory board.** This group advises the principal on the comprehensive school plan — including specific programs and activities that strengthen student performance, create safe and effective schools, and involve parents and families. For more information, check with the principal.

**Talk to your child about school.** Your opinion matters to your child. Ask your child about one thing he or she learned at school, and keep asking every day! For more information, visit [www.dcps.dc.gov/DCPS/studentsuccess](http://www.dcps.dc.gov/DCPS/studentsuccess).
